

A Thank-You Note

June 20

Dear Zia Concetta,

As mayor, the people of Barletta have asked me to thank you for helping to save our town. Everyone knows how important our giant was in keeping the enemy soldiers from attacking. However, everyone agrees that without your clever plan the town would have been lost. Only you figured out what to do, Zia. And, only you were able to get everyone in town — including our giant — to follow the plan. Zia, from this day forward, when the people of Barletta pass you and smile, know that each smile is really a thank you for being the true heroine of our town.

Sincerely,

The Mayor
