

Teamwork

Get Started

Get cubes to build each of the solids.

Put **1** **2** **3** **4** in a bag.

Repeat for Each Round

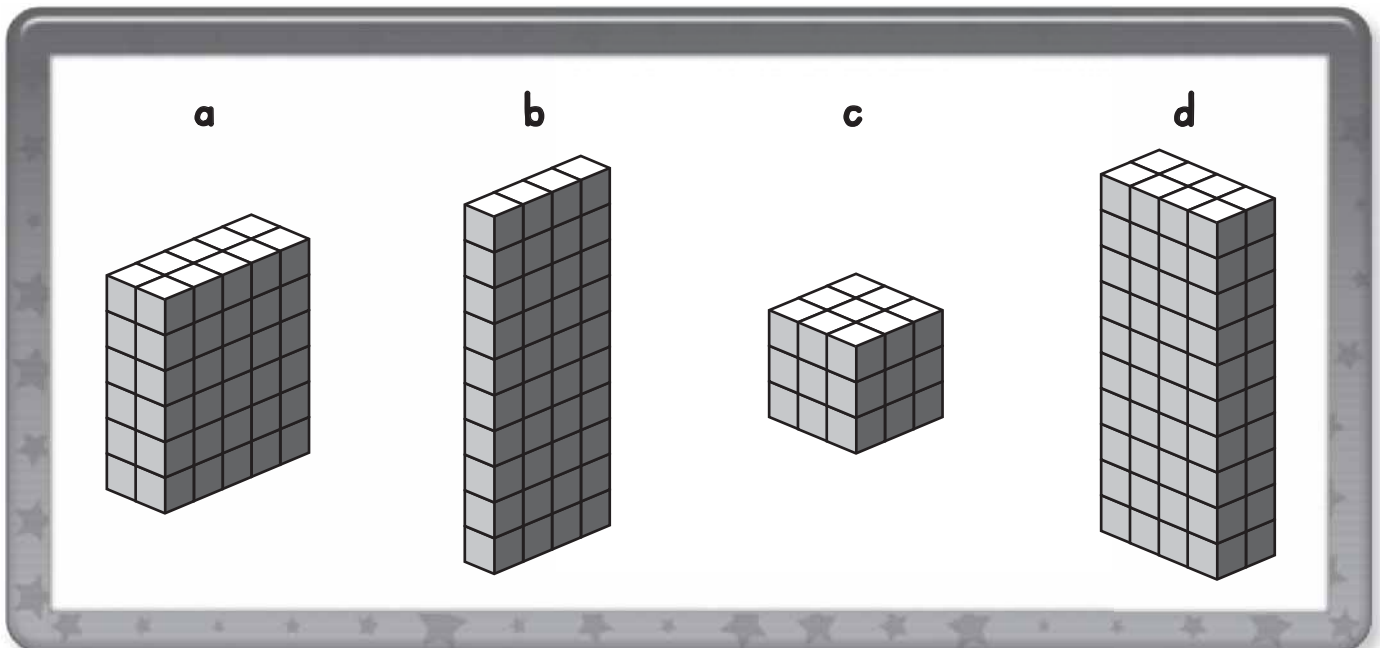

Choose **a**, **b**, **c**, or **d**.

Pick a tile. Pick two tiles if your group has only two students.

Do the jobs listed below in order.

To find your job, find the number that matches the tile you chose.

- 1** Use cubes to make a model of the rectangular prism. Share your model with your team members.
- 2** Explain why the model matches the picture. Tell how you know.
- 3** Find the volume by counting the number of cubes needed to make the model.
- 4** Decide if the answer makes sense. Tell how you know.

If you have more time

Create other rectangular prisms and cubes.

Find the volume of each of your figures.
