Dear Amy,

Hi! How are you? I am starting to enjoy my new home in Pennsylvania, but I still miss Hillside Elementary very much. I also miss the warm weather! I have been writing a lot since we moved. I am sending you a _____ to read that I wrote a few months ago. I tried to make the last word in each line _____, but sometimes the words were too unusual. The poem is about taking a walk in the winter, and I tried to create the _____ and sound of feet walking in crunchy snow. My favorite _____ is of the snow swirling around the streetlights. I would love to hear what you think about it. I found out that writing poetry takes a lot of creativity and _____! Please let me know if you like it. I miss you!

I am sending you a poem to read that I wrote a few months ago. I tried to make the last word in each line rhyme, but sometimes the words were too unusual. The poem is about taking a walk in the winter, and I tried to create the rhythm and sound of feet walking in crunchy snow. My favorite image is of the snow swirling around the streetlights. I would love to hear what you think about it. I found out that writing poetry takes a lot of creativity and imagination! Please let me know if you like it. I miss you!
