

Fourth Grade Topic 11 Performance Task

Name: _____

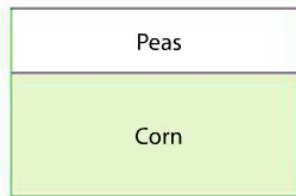

The Garden Club recently planted their garden. Each student has a small plot. The layout of the garden is shown below. Each part shows the name of the gardener and the vegetable planted in the plot.

The Garden Club

Pedro Carrots	Christina Peas	David Squash	Greg Carrots	Hillary Peas	Kim Corn
Rosa Carrots	Daisy Potatoes	Lauren Carrots	Juan Corn	Sheri Corn	Anna Carrots

- List each vegetable in the garden. Then write the fractional part of the garden that is taken up by each vegetable. Write each fraction in simplest form.
- Write two statements describing the fractional parts of the garden.

- Sally plants $\frac{1}{3}$ of her plot with peas as shown below. About what fractional part of the plot is planted with corn?

Answer: _____

- Plan your own garden plot with at least two different vegetables. Describe what fraction of your plot you would plant with each vegetable. Draw your garden in the space provided below.
