## A Fun Trip to the Museum

Twenty students from our school visited the new museum. We rode on a big, yellow bus and sang funny songs on the way. At the museum we saw many interesting paintings. Three of the paintings were of beautiful dancers in fluffy white dresses. One painting showed a dozen yellow roses in a tall vase. The picture I liked best was a blue and gray painting of an old man. It was painted with oil paints. We learned about great painters and their famous paintings. Everyone agreed it was a wonderful trip.

What Kind?	How Many?	Special Adjectives
