My mom writes stories for the newspaper. She took me with her on a trip one time when she visited a volcano in Hawaii. It was interesting to learn the facts about the volcano.

2

I have the best mom! She writes stories for our newspaper, and sometimes I get to go with her when she researches a story. Last spring, I went with her to visit a volcano. The trip was awesome! I love science in school, and I've read a lot about volcanoes. It was really exciting to see one up close!
